THE SCALE OF YOUTH HOMELESSNESS

Centrepont is the UK's leading youth homelessness charity; we support over 16,000 young people every year and campaign to end youth homelessness by 2037.

Homelessness does not only equal rough sleeping (31%). It could be sofa surfing at friends or family, staying with strangers, sleeping on buses or trains.

What causes youth homelessness?

58% of residents had a family or relationship breakdown

45% are leaving the Care system

28% are Refugees and Asylum Seekers

**A YOUNG PERSON

129,000 young people approached their local authority for help with homelessness in 2021-22. We know the real numbers are significantly higher.
