CRINGE!

WE RATE YOUR CRINGIEST MOMENTS...

I started going out with someone but little did I know one of my 'friends' took a pic of us holding hands and showed it to my mum and dad! AAAARRRRGGGGHHH SUPER CRINGE!

Blushing' berry

It was home time in Year 4 and we all had key rings. I had a High School Musical one and it made a noise. There was silence and my friend Alex pressed the button and it started playing in front of all the Year 5s and 6s. AAARRRRGGGGHHH!!! Super Cringe.

Strawb' shocka.

I fell in a pond trying to catch a lily pad!

Tomato red

At primary, I was on a bus with my friend and she said that my teacher was really horrible and that she would 'die' if she had her. Then as I was agreeing and feel sorry for my self my teacher turned round...

Blushing' berry

I was going to my favourite park and I was wearing my favourite jeans. I started to climb a tree and a lot of people watched me. Thud. I fell out of the tree and landed on my back.
OUCH!

Year 8 Indoor Athletics Champs!

Year 7 Quad Kids Champs!

Every issue, one journalist will provide you with the low-down on the successes of one of Wellington's sports teams. This issue, Jordan Guy, Year 8, writes about the Y7 and

On the 8th November, eighteen pupils from Year 7 and 8 turned up at the Sports Hall to compete for a place on the mixed basketball team, hoping to represent Wellington School. All that attended deserve a big round of applause for showing up as the competition for places was immense! Mr Tomlinson said, "I think everyone gave 100% effort in trying their best and listening carefully but I just hope that everyone who participated had a good time during the session!" Lots of pupils were red-faced and puffing after the strenuous workout: a sign of the hard work and determination they demonstrated. Everyone wanted to be on the team! Loads of us love sport at Wellington and we are always really grateful to Mr. T and the PE staff for taking the time out to support us!

Last year, there was just one basketball team but this year there is a twist! There is now: the Year 7&8 team, the Year 9&10 team and also a solo Y11 team. This has been done to create bonds between the year groups, with the older ones helping the younger ones to develop. It also means there is a massive range of talent to choose from!

All the teams are hoping for a minimum of semi-final achievement this year and I'm sure they'll win the finals too!

Good luck guys!
