#### Key Word of the Week

## Electronica

*A term used to describe electronic  
dance music which is more geared  
to listening instead of strictly  
dancing. Electronica serves to  
describe techno-based music that  
can be used for home listening as  
well as on the dance floor (since  
many electronica artists are club DJs  
as well). Røyksopp are a popular  
Norwegian duo*
